

ACS Material PET 基石墨烯薄膜

10cmx5cm

中文名称： ACS Material PET 基石墨烯薄膜 10cmx5cm

英文名称： Graphene on PET 10cmx5cm

货号： ML1085

CAS 号： 7440-44-0

包装： 1 盒

参 数

单层，面积 10cmx5cm

双层，面积 10cmx5cm

3-5 层，面积 10cmx5cm

6-8 层，面积 10cmx5cm

保质期： 3 月常温干燥避光

ACS MATERIAL 公司推出 PET 基底石墨烯膜，规格是 1cmx1cm，2cmx2cm，5cmx5cm，10cmx5cm，可提供单层、双层、3-5 层、6-8 层石墨烯膜，欢迎邮件咨询。

Sheet Resistance: <600 Ω /sq

Transparency: >95%

Conditions for safe storage

Keep the products in a dry and low oxygen (or oxygen-free) container at moderate temperature (<30° C).

The products and services ACS Material is supplying include:

- 1) Super large size graphene on copper foil up to 30cmx20cm;
- 2) Double or multi-layer graphene;
- 3) Graphene transferred onto silicon dioxide substrate;
- 4) Pretreated graphene: Graphene has been coated PMMA, just after some simple steps, you can transfer it to other different substrates;
- 5) N-type nitrogen-doped graphene: different doping concentrations of N-type graphene;
- 6) Graphical graphene: According to graphics mask supplied by customers;

7) Customized service: different floors, different sizes of graphene; graphene transfer services; nitrogen-doped graphene; graphical graphene etc.
