

SYVN1 抗原（重组蛋白）

中文名称： SYVN1 抗原（重组蛋白）

英文名称： SYVN1 Antigen (Recombinant Protein)

别 名： DER3; HRD1

储 存： 冷冻（-20℃）

相关类别： 抗原

概述

Fusion protein corresponding to C terminal 250 amino acids of human SYVN1

技术规格

| | |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Full name: | Synovial apoptosis inhibitor 1, synoviolin |
| Synonyms: | DER3; HRD1 |
| Swissprot: | Q86TM6 |
| Gene Accession: | BC030530 |
| Purity: | >85%, as determined by Coomassie blue stained SDS-PAGE |
| Expression system: | Escherichia coli |
| Tags: | His tag C-Terminus, GST tag N-Terminus |
| Background: | This gene encodes a protein involved in endoplasmic reticulum (ER)-associated degradation. The encoded protein removes unfolded proteins, accumulated during ER stress, by retrograde transport to the cytosol from the ER. This protein also uses the ubiquitin-proteasome system for additional degradation of unfolded proteins. Sequence analysis identified two transcript variants that encode different isoforms. |
