

兔抗 HDAC1 多克隆抗体

中文名称：兔抗 HDAC1 多克隆抗体

英文名称：Anti-HDAC1 rabbit polyclonal antibody

别名：HD1; RPD3; GON-10; RPD3L1

抗原：HDAC1

储存：冷冻（-20℃）

宿主：Rabbit

相关类别：一抗

反应种属：Human, Mouse, Rat

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	Histone acetylation and deacetylation, catalyzed by multisubunit complexes, play a key role in the regulation of eukaryotic gene expression. The protein encoded by this gene belongs to the histone deacetylase/acuc/apha family and is a component of the histone deacetylase complex. It also interacts with retinoblastoma tumor-suppressor protein and this complex is a key element in the control of cell proliferation and differentiation. Together with metastasis-associated protein-2, it deacetylates p53 and modulates its effect on cell growth and apoptosis.
Applications:	ELISA, IHC
Name of antibody:	HDAC1

Immunogen:	Fusion protein of human HDAC1
Full name:	histone deacetylase 1
Synonyms :	HD1; RPD3; GON-10; RPD3L1
SwissProt:	Q13547
ELISA Recommended dilution:	2000-5000
IHC positive control:	Human breast cancer and human thyroid cancer
IHC Recommend dilution:	25-100
