

## 小鼠抗 ACTIN (plant)单克隆抗体

中文名称： 小鼠抗 ACTIN (plant)单克隆抗体

英文名称： Anti-ACTIN (plant) mouse monoclonal antibody

别名： Actin

相关类别： 内参抗体

储存： 冷冻（-20℃）

宿主： Mouse

抗原： plant-actin

反应种属： Plants

标记物： Unconjugate

克隆类型： mouse monoclonal

### 技术规格

<b>Background:</b>	Member of actin subclass composed of ACT12 and ACT4. RNA is expressed at very low levels in vegetative organs, low levels in flowers and very high levels in pollen. Expression of an ACT12/GUS fusion was found in vascular tissues, tapetum, developing and mature pollen, the root cap and in a ring of pericycle tissues during lateral root initiation and early development.
<b>Applications:</b>	WB
<b>Name of antibody:</b>	plant-actin
<b>Immunogen:</b>	Fusion protein of Nicotiana tabacum ACTIN

<b>Full name:</b>	Actin
<b>SwissProt:</b>	P53497
<b>WB Predicted band size:</b>	42 kDa
<b>WB Positive control:</b>	Corn leaves lysate and Nicotiana tabacum leaves lysates
<b>WB Recommended dilution:</b>	500-2000
