

兔抗 REST 多克隆抗体

中文名称：兔抗 REST 多克隆抗体

英文名称：Anti-REST rabbit polyclonal antibody

别名：RE1 silencing transcription factor; WT6; XBR; NRSF

相关类别：一抗

储存：冷冻（-20℃）

抗原：REST

宿主：Rabbit

反应种属：Human

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:

This gene encodes a transcriptional repressor that represses neuronal genes in non-neuronal tissues. It is a member of the Kruppel-type zinc finger transcription factor family. It represses transcription by binding a DNA sequence element called the neuron-restrictive silencer element. The protein is also found in undifferentiated neuronal progenitor cells and it is thought that this repressor may act as a master negative regulator of neurogenesis. Alternatively spliced transcript variants have been described.

Applications:	ELISA, IHC
Name of antibody:	REST
Immunogen:	Synthetic peptide of human REST
Full name:	RE1 silencing transcription factor
Synonyms:	WT6; XBR; NRSF
SwissProt:	Q13127
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human ovarian cancer
IHC Recommend dilution:	30-150
