

## 兔抗 NPL 多克隆抗体

中文名称：兔抗 NPL 多克隆抗体

英文名称：Anti-NPL rabbit polyclonal antibody

别名：NAL; C112; NPL1; C1orf13

相关类别：一抗

储存：冷冻（-20℃）

抗原：NPL

宿主：Rabbit

反应种属：Human, Mouse, Rat

标记物：Unconjugate

克隆类型：rabbit polyclonal

### 技术规格

<b>Background:</b>	This gene encodes a member of the N-acetylneuraminat e lyase sub-family of (beta/alpha)(8)-barrel enzymes. N-a cetylneuraminate lyases regulate cellular concentrations o f N-acetyl-neuraminic acid (sialic acid) by mediating the reversible conversion of sialic acid into N-acetylmannosa mine and pyruvate. A pseudogene of this gene is locate d on the short arm of chromosome 2. Alternatively splic ed transcript variants encoding multiple isoforms have b een observed for this gene.
<b>Applications:</b>	ELISA, IHC
<b>Name of antibody:</b>	NPL

<b>Immunogen:</b>	Fusion protein of human NPL
<b>Full name:</b>	N-acetylneuraminatate pyruvate lyase (dihydrodipicolinate synthase)
<b>Synonyms :</b>	NAL; C112; NPL1; C1orf13
<b>SwissProt:</b>	Q9BXD5
<b>ELISA Recommended dilution:</b>	5000-10000
<b>IHC positive control:</b>	Human liver cancer
<b>IHC Recommend dilution:</b>	25-100
