

兔抗 RNF40 多克隆抗体

中文名称：兔抗 RNF40 多克隆抗体

英文名称： Anti-RNF40 rabbit polyclonal antibody

别名： BRE1B; RBP95; STARING

相关类别： 一抗

储存： 冷冻（-20℃）

宿主： Rabbit

抗原： RNF40

反应种属： Human, Mouse, Rat

标记物： Unconjugate

克隆类型： rabbit polyclonal

技术规格

| | |
|--------------------------|--|
| Background: | The protein encoded by this gene contains a RING finger, a motif known to be involved in protein-protein and protein-DNA interactions. This protein was reported to interact with the tumor suppressor protein RB1. Studies of the rat counterpart suggested that this protein may function as an E3 ubiquitin-protein ligase, and facilitate the ubiquitination and degradation of syntaxin 1, which is an essential component of the neurotransmitter release machinery. |
| Applications: | ELISA, WB, IHC |
| Name of antibody: | RNF40 |

| | |
|------------------------------------|---|
| Immunogen: | Fusion protein of human RNF40 |
| Full name: | ring finger protein 40, E3 ubiquitin protein ligase |
| Synonyms : | BRE1B; RBP95; STARING |
| SwissProt: | O75150 |
| ELISA Recommended dilution: | 1000-2000 |
| IHC positive control: | Human breast cancer and Human brain |
| IHC Recommend dilution: | 25-100 |
| WB Recommended dilution: | 200-1000 |
| WB Positive control: | Hela, 231 and A172 cells |
| WB Predicted band size: | 114 kDa |
