

## NCAPH 抗原（重组蛋白）

中文名称： NCAPH 抗原（重组蛋白）

英文名称： NCAPH Antigen (Recombinant Protein)

别名： non-SMC condensin I complex subunit H; BRRN1; CAP-H

相关类别： 抗原

储存： 冷冻（-20℃）

### 概述

Fusion protein corresponding to a region derived from 542-741 amino acids of human NCAPH

### 技术规格

<b>Full name:</b>	non-SMC condensin I complex subunit H
<b>Synonyms:</b>	BRRN1; CAP-H
<b>Swissprot:</b>	Q15003
<b>Gene Accession:</b>	BC024211
<b>Purity:</b>	>85%, as determined by Coomassie blue stained SDS-PAGE
<b>Expression system:</b>	Escherichia coli
<b>Tags:</b>	His tag C-Terminus, GST tag N-Terminus
<b>Background:</b>	This gene encodes a member of the barr gene family and a regulatory subunit of the condensin complex. This complex is required for the conversion of interphase chromatin into condensed chromosomes. The protein encoded by this gene is associated with mitotic chromosomes, except during the early phase of chromosome condensation. During interphase, the protein has a distinct punctate nucleolar localization. Alternatively spliced transcript variants encoding differ

ent proteins have been described.
