

## 小鼠抗 CATIP 单克隆抗体

中文名称: 小鼠抗 CATIP 单克隆抗体

英文名称: Anti-CATIP mouse monoclonal antibody

别名: C2orf62

储存: 冷冻 (-20℃) 避光

抗原: CATIP

宿主: Mouse

反应种属: Human

标记物: Unconjugate

相关类别: 一抗

克隆类型: mouse monoclonal

### 技术规格

|                                |   |
|--------------------------------|---|
| <b>Background:</b>             | Plays a role in primary ciliogenesis by modulating actin polymerization.                    |
| <b>Applications:</b>           | WB, IHC, IF   |
| <b>Name of antibody:</b>       | CATIP   |
| <b>Immunogen:</b>              | Fusion protein of human CATIP   |
| <b>Full name:</b>              | ciliogenesis associated TTC17 interacting protein (CATIP)                                   |
| <b>Synonyms:</b>               | C2orf62   |
| <b>SwissProt:</b>              | Q7Z7H3  |
| <b>IHC positive control:</b>   | human breast tissue and human prostate tissue; human bladder tissue and human kidney tissue |
| <b>IHC Recommend dilution:</b> | 30-150  |

|                                 |   |
|---------------------------------|---|
| <b>WB Predicted band size:</b>  | 44 kDa  |
| <b>WB Positive control:</b>     | HepG2, Hela, SVT2, COS7, Jurkat, MDCK, PC12, MCF-7 cell lysates |
| <b>WB Recommended dilution:</b> | 500-2000  |
