

CFAP52 抗原（重组蛋白）

中文名称： CFAP52 抗原（重组蛋白）

英文名称： CFAP52 Antigen (Recombinant Protein)

别名： cilia and flagella associated protein 52; WDR16; WDRPUH

储存： 冷冻（-20℃）

相关类别： 抗原

概述

Fusion protein corresponding to C terminal 200 amino acids of human CFAP52

技术规格

Full name:	cilia and flagella associated protein 52
Synonyms:	WDR16; WDRPUH
Swissprot:	Q8N1V2
Gene Accession:	BC025392
Purity:	>85%, as determined by Coomassie blue stained SDS-PAGE
Expression system:	Escherichia coli
Tags:	His tag C-Terminus, GST tag N-Terminus
Background:	WD repeat-containing proteins, such as WDR16, play crucial roles in a wide range of physiologic functions, including signal transduction, RNA processing, remodeling the cytoskeleton, regulation of vesicular traffic, and cell division
