

兔抗 DENR 多克隆抗体

中文名称：兔抗 DENR 多克隆抗体

英文名称：Anti-DENR rabbit polyclonal antibody

别名：DRP; DRP1; SMAP-3

相关类别：一抗

抗原：DENR

储存：冷冻 (-20℃)

宿主：Rabbit

反应种属：Human, Mouse

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	This gene encodes a protein whose expression was found to increase in cultured cells at high density but not during growth arrest. This gene was also shown to have increased expression in cells overexpressing HER-2/neu proto-oncogene. The protein contains an SUI1 domain. In budding yeast, SUI1 is a translation initiation factor that along with eIF-2 and the initiator tRNA-Met, directs the ribosome to the proper translation start site. Proteins similar to SUI have been found in mammals, insects, and plants.
Applications:	ELISA, WB
Name of antibody:	DENR

Immunogen:	Synthetic peptide of human DENR
Full name:	density regulated re-initiation and release factor
Synonyms:	DRP; DRP1; SMAP-3
SwissProt:	O43583
ELISA Recommended dilution:	5000-10000
WB Predicted band size:	22 kDa
WB Positive control:	Mouse heart tissue and Mouse brain tissue, 293T and PC-3 cell, Human fetal brain tissue and Human placenta tissue lysates
WB Recommended dilution:	200-1000
